

# Creating A Toxic-Free Healthy Home

Presented by: Dennis Voss

Founder & CEO of Bloomfield Hills based: **naturallyclean**<sup>™</sup>

According to the EPA, the air in the American Home is 2-5 times more contaminated than outside city air. Learn from a professional about the biggest sources of toxins in your home, and what you can do to make your home healthier for your family.

This interactive seminar will focus on cleaning and include demonstrations as well as plenty of question and answer time. Come prepared with your toughest cleaning challenges and see if Dennis can help find a real solution and helps you live live clean... naturally.
